Our Foundation

Timothy Plan exists to promote biblically responsible investing. Our foundational principle of investing is that God owns everything. This is why our funds take a pro-life, pro-family approach to investing—not only to benefit the investor but the broader culture. We are firmly committed to running a mutual fund company with the integrity, excellence, and wisdom that brings honor and glory to our Lord Jesus.
Our Screens

When we designed Timothy Plan, we spent countless hours investigating companies to determine if they were involved in any unbiblical practices. In 1994, we pioneered the first pro-life, pro-family screening standard. Our commitment, first to our Lord, is that we will not invest a single penny into any company that violates our screens. Selecting a mutual fund should be about more than its rate of return—it should also be morally responsible. Timothy Plan’s mission is to enable you to invest in a manner that combines both of these objectives.

LIBERTY

RIGHTS: We are endowed by our Creator with certain unalienable rights—life, liberty, and the pursuit of happiness. These rights are removed from many people across the world. This screen identifies companies that are involved in human oppression, human trafficking, slave labor, terrorism, and Christian persecution.

MARRIAGE

LIFESTYLE: Marriage is holy—instituted by God. The lifestyle research seeks to protect the sanctity of marriage by identifying companies engaged in the promotion of lifestyles contrary to biblical beliefs, while seeking to treat all persons with dignity and non-discrimination as to benefits granted to all employees.

FAMILY

ENTERTAINMENT: Families are the foundation of our culture, and the values we instill need to be preserved. This screen identifies companies engaged in anti-family entertainment through the promotion of violence, language, sex and drugs through advertisements, media, games, stores, establishments, publications, and the Internet.

LIFE

ABORTION: Life is a precious gift from God—even from the moment of conception. This screen seeks to protect the life of the unborn by screening out companies involved in the abortion industry, including fetal tissue research and the manufacturing and distribution of abortifacients.

FAITH-BASED STEWARDSHIP

GAMBLING: We are called to be wise stewards with all that God has given us—not as one who gambles away his money or brings himself to ruin. This screen identifies gambling related activities, including equipment manufacturers, casinos, riverboats, cruise lines, racetracks, and gambling software.

*Investing in a mutual fund may result in a loss of principal. Carefully consider the investment objectives, risks, charges and expenses before investing. A prospectus is available from the fund or your financial professional that contains this and other important information. Please read it carefully before investing or sending money.

1. INTERNATIONAL funds, compared to domestic funds, have additional risks including currency fluctuations and exchange risks. In addition, the potential for higher returns, as well as the potential for higher losses, may be achieved by investing in securities of emerging market countries. The risks associated with investing in emerging market countries are more pronounced than the risks associated with investing in developed market countries. Because the currencies of emerging market countries may not be widely circulated outside that country, it may be more difficult to buy and sell securities and this increased difficulty may affect the price of the securities.

2. BOND funds are not FDIC insured and are subject to yield fluctuations. As the interest rates for some fixed-income investments, such as municipal, corporate, and government bonds, are fixed at the time of purchase, potential losses on these securities are dependent on a number of factors, including, but not limited to, interest rate changes, changes in prepayment rates, and market values.

3. DIVERSIFICATION does not guarantee a profit or protect against loss.

4. SMALL CAP funds invest in smaller company stocks which tend to be more volatile than securities of larger, more established companies. They are generally thought and sold in smaller quantities and may not be as liquid. All of these elements may increase your risk.
How Much Money Is Ok to Have Invested In?

CHOOSE AN ISSUE

Every Dollar Is a Vote

The way we invest not only affects our financial goals, but it affects the broader culture. When we choose to invest in any security, we become owners in a company and help support (financially) the mission and vision of that company. The dollars that we vote will either continue to reinforce and grow companies that bring true value to our world or companies that are less than valuable. Timothy Plan allows you to invest in companies whose policies and practices align with pro-life, pro-family values. We believe this is a better kind of investing.

Ways to Invest

Almost anyone can devote even a little money to investing, and the sooner you start investing, the more your investment has the potential to grow. We have a number of different investment accounts to help you reach your financial goals, including retirement accounts such as IRAs. We also offer automatic investment plans at a minimum of $50 per month.

RETIRED AND EDUCATIONAL

There are no set minimums for any of the following investment accounts:

TRADITIONAL IRA
The original IRA that, if you are qualified, can reduce your current taxes and grows tax deferred.

ROTH IRA
If you quality under current law, a Roth is exempt from federal income taxes and has the advantage of tax-free distributions.

403(B)
Designed specifically for persons employed by non-profit institutions.

SEP IRA
An IRA commonly used by self-employed and small-business owners. See your financial advisor for details.

SIMPLE IRA
A retirement alternative for small-business owners with up to one-hundred employees. Consult your tax advisor to determine if the Simple plan is right for your business.

401(K)
A way for corporations and employers to offer their employees a morally responsible retirement program. Requires an independent third party administrator.

COVERDELL EDUCATION SAVINGS ACCOUNT
This is a custodial account to help parents and students save for education.

NON-RETIREMENT

For regular, non-qualified investing, we have a minimum investment of $1,000, which may be distributed among any of our funds. We also offer the flexibility of Uniform Gifts to Minors Act (UGMA) and Uniform Transfers to Minors Act (UTMA) custodial accounts.

We encourage you to meet with your financial advisor to gain further information on which of our funds and investment options would best suit your financial goals. If you don't have an advisor, you can call Timothy Plan, and, if possible, we will be happy to connect you with an advisor in your general area.
Privacy Policy

The following is a description of the Funds’ policies regarding disclosure of nonpublic personal information that you provide to the Funds or that the Funds collect from other sources. In the event that you hold shares of a Fund through a broker-dealer or other financial intermediary, the privacy policy of your financial intermediary would govern how your nonpublic personal information would be shared with nonaffiliated third parties.

CATEGORIES OF INFORMATION THE FUNDS COLLECT
THE FUNDS COLLECT THE FOLLOWING NONPUBLIC PERSONAL INFORMATION:
1. Information the Funds receive from you on or in applications or other forms, correspondence, or conversations (such as your name, address, phone number, social security number, assets, income, and date of birth).
2. Information about your transactions with the Funds, their affiliates, or others (such as your account number and balance, payment history, parties to transactions, cost basis information, and other financial information).

CATEGORIES OF INFORMATION THE FUNDS DISCLOSE
THE FUNDS DO NOT DISCLOSE ANY NONPUBLIC PERSONAL INFORMATION ABOUT THEIR CURRENT OR FORMER SHAREHOLDERS TO UNAFFILIATED THIRD PARTIES, EXCEPT AS REQUIRED OR PERMITTED BY LAW. The Funds are permitted by law to disclose all of the information they collect, as described above, to their service providers (such as the Funds’ custodian, administrator, and transfer agent) to process your transactions and otherwise provide services to you.

CONFIDENTIALITY AND SECURITY
THE FUNDS RESTRICT ACCESS TO YOUR NONPUBLIC PERSONAL INFORMATION TO THOSE PERSONS WHO REQUIRE SUCH INFORMATION TO PROVIDE PRODUCTS OR SERVICES TO YOU. The Funds maintain physical, electronic, and procedural safeguards that comply with federal standards to guard your nonpublic personal information.
